## § 301.16

information required by the act in invoicing and advertising.

(2) In the case of fur products imported into the United States from a foreign country, or fur products made from furs imported into the United States from a foreign country, the country of origin of the furs contained in such products shall be set forth as a part of the information required by the act in labeling, invoicing and advertising.

(b) The term *country* means the political entity known as a nation. Colonies, possessions or protectorates outside the boundaries of the mother country shall be considered separate countries and the name thereof shall be deemed acceptable in designating the "country of origin" unless the Commission shall otherwise direct.

(c) The country in which the animal producing the fur was raised, or if in a feral state, was taken, shall be considered the "country of origin."

(d) When furs are taken within the territorial waters of a country, such country shall be considered the "country of origin." Furs taken outside such territorial waters, or on the high seas, shall have as their country of origin the country having the nearest mainland.

(e)(1) The English name of the country of origin shall be used. Abbreviations which unmistakably indicate the name of a country, such as "Gt. Britain" for "Great Britain," are acceptable. Abbreviations such as "N.Z." for "New Zealand" are not acceptable.

(2) The name of the country of origin, when used as a part of the required information in labeling shall be preceded by the term *fur origin*; as for example:

Dyed Muskrat  
Fur Origin: Russia  
or

Dyed China Mink  
Fur Origin: China

(3) In addition to the required disclosure of country of origin the name of the country may also appear in adjective form in connection with the name of the animal; as for example:

Tip-dyed Canadian American Sable  
Fur Origin: Canada  
or  
Russian Sable

Fur Origin: Russia

(f) Nothing in this section shall be construed as limiting in any way the information required to be disclosed on labels under the provisions of any Tariff Act of the United States or regulations prescribed by the Secretary of the Treasury.

### § 301.13 Fur products having furs with different countries of origin.

When a fur product is composed of furs with different countries of origin the names of such countries shall be set forth in the required information in the order of predominance by surface areas of the furs in the fur product.

### § 301.14 Country of origin of used furs.

When the country of origin of used furs is unknown, and no representations are made directly or by implication with respect thereto, this fact shall be set out as a part of the required information in lieu of the country of origin as "Fur origin: Unknown."

### § 301.15 Designation of section producing domestic furs permitted.

In the case of furs produced in the United States the name of the section or area producing the furs used in the fur product may be set out in connection with the name of the animal; as for example:

Dyed Fur Seal  
Fur origin: Alaska  
or  
Dyed Muskrat  
Fur origin: Minnesota

If the name of any animal set out in the Fur Products Name Guide or term permitted by the regulations to be used in connection therewith connotes foreign origin and such animal is raised or taken in the United States, furs obtained therefrom shall be described in disclosing the required information as having the United States as the country of origin; as for example:
